15 RISK STATEMENT

RRS 4 states: "The responsibility for a boat's decision to participate in a race or to continue to race is hers alone"

Sailing is by its nature an unpredictable sport and therefore inherently involves an element of risk. By taking part in the event, each competitor agrees and acknowledges that:

- (a) They are aware of the inherent element of risk involved in the sport and accept responsibility for the exposure of themselves, their crew and their boat to such inherent risk whilst taking part in the event;
- (b) They are responsible for the safety of themselves, their crew, their boat and their other property whether afloat or ashore;
- (c) They accept responsibility for any injury, damage or loss to the extent caused by their own actions or omissions;
- (d) Their boat is in good order, equipped to sail in the event and they are fit to participate;
- (e) The provision of a race management team, patrol boats and other officials and volunteers by the event organiser does not relieve competitors of their own responsibilities.

(f) The provision of patrol boat cover is limited to such assistance, particularly in extreme weather conditions, as can be practically provided in the circumstances. A safety boat may not always be available or on station.

ADDENDUM A

The Outer Limit Mark is a Navy inflatable buoy

Marks 1-5 and Q, R & T are Yellow buoys. Marks A to M are Aqua Blue buoys.

In the race area there are a number of rocks and pladdies marked by fixed and floating black pipe marks which are on the chartlet below. The intended positions of these hazard marks are shown below. All floating rock marks must be passed on the side furthest from the hazard they are intended to guard. All rock marks may or may not be in place at all times and competitors should make themselves familiar with the position of pladdies and rocks.

There is a fixed pole in the middle of the isolated shallows south of Roe and east of Parton.

There is a pole marking the end of the battery jetty on Trasnagh. Boats must not sail between this pole and the island.
